In this article, the sentence “From 1874 (London) up to the ear incident (1988), he almost certainly suffered from several depressive episodes”, the year “1988” should be “1888” and in the sentence “As of the end of 1888, his mental and somatic health deteriorated, preceded by an increase of alcohol consumption since 1986 combined with malnutrition”, the year “1986” should be “1886”.
